"Grenada County News A Specialty:
Other News Used Only in Emergencies"

THURSDAY, FEBRUARY 20, 1941

Eureka!!

No more happy was Archimedes when he discovered the Law of Gravitation, cried "Eureka!!" I have found it," than were the officers at the court house in Grenada when the last joint of sewer pipe was cemented to the next to the last joint of sewer pipe to make a completed outlet for the disposal of the sewage from the handsome new toilets in the sub-basement of the court house. Somebody may say that Archimedes neither discovered the Law of Gravitation nor did he cry "Eureka!!" I have found it," but nobody can say that the toilets at the court house are not "working." Archimedes was merely used as an illustration anyway, and we do not pose as a historian of ancient doings, but we do pose as a historian of current events.

Keep That Shrine Intact

Since the new toilets at the court house are in operation, there is a movement on foot to dismantle the old toilet building in the southwest corner of the court house yard.

"Woodmen, spare that tree" was said with no more poignancy than we cry, "Spare that ancient shrine." We rise in righteous indignation and demand that that building remain to be used, as it has been used for many years, as a trysting place for licker drinkers, as a friendly meeting place for convivial spirits bent upon the worship of Bacchus, if we can stretch our imagination far enough to let the God of Wine be the God of Corn Licker.

Grenada Wants None of This

In the following editorial, captioned, "Labor Now Dictator," The Lexington (Miss.) Advertiser has this to say:

While some of our congressmen are arguing about the President becoming a dictator, they are losing sight of a fact that Labor is really becoming a dictator. Take our defense program for example. Henry Ford recently lost a war contract at a bid for ten million dollars worth of trucks because he was unwilling to let somebody else have it. Ford has always paid highest wages yet that contract was awarded to another firm at an added cost of a quarter of a million dollars and the taxpayers pay the bill. Something is wrong somewhere and we are not inclined to say that it is the Ford Motor Company. Of course Mr. Ford paid union scale wages—complies with union hours and has no objection to anyone working for him belonging to a union. But when some union or friend of labor wants to close his plant if he does not choose some union or labor regulation set forth by these big boys, then Mr. Ford balks, and loses a contract also.

Another example is right here in Mississippi. Down at Camp Shelby you can't get a job until you decorate the union with \$25.00. No matter how much you need a job, can do the work or how skilled a mechanic you might be in your line, the union says no—pay first. You have no right to make a living by your labor until you pay the stipulated sum. And on top of that your payment to the union does not hold good at another camp job. Now on as a taxpayer and citizen, how do you like that dictatorship?

Grenada is getting along mighty well without any CIO organizers disturbing the employees at our largest industry, the hosiery mill. This mill has offered opportunities at home for hundreds of young men and young women of this section to learn the trade, and, in the meantime, to earn infinitely more than they could have earned elsewhere as "green" hands.

The first set of would-be organizers which came here did not receive such a hospitable reception at the hands of the employees and at the hands of Grenada people as to warrant them continuing their stay in this pleasant little city. The employees decided among themselves, and with absolutely no interference from the management (for the hands of the management are absolutely tied by federal law) that they would let well enough alone. In this we think they acted wisely. Some of them may have seen the tragedy that followed the CIO organization and the CIO regime at Tupelo. Some may have seen the tragedy that followed the CIO organization and the CIO regime at McComb.

Please bear this in mind, however. Other organizers will come to Grenada. Other attempts, perhaps on a greater scale, will be made to disturb the smooth sailing of the employees here. It will require two or three years to convince the organizers that Grenada is a desert so far as they are concerned. There are too many rich "pickins" here for them to abandon their attempts without exhaustive trials.

Three good men, John Rundle, Homer Williams and Fred Spain, have been named by the employees themselves to be an Employees' Council. These honest and reputable men will seek to remove all causes of misunderstanding between the employees and the management. Enjoying the trust and confidence of both the employees and the management, this group can do more real good in 15 minutes than a thousand hours of striking.

Employees should ever bear in mind this: that organizers do not come here for the benefit of the local employees, for they are neither altruistic nor philanthropic. They come here to create discord, to collect initiation fees and dues. However cleverly they seek to hide their motives, their motives are selfish.

Getting down to brass tacks, boys and girls, which had your rather listen to: John Rundle (who taught many of you) and his equally as honest associates, or some rat-eyed organizer who comes in here from God-knows-where. Remember that, and all will be well.

The Food Stamp Plan

We think so highly of the Food Stamp Plan that we risk boring our readers with another comprehensive explanation of the plan.

The Food Stamp Plan is a new method of distribution of surplus commodities, and is proposed by the U. S. Department of Agriculture in cooperation with the State Welfare Department, wholesale and retail grocers, the bankers and the board of supervisors.

The purpose of the plan is to move surplus farm products through normal channels of trade by a method which provides needy families with health giving foods, thereby building up our national health defenses. If this plan is adopted here, the former method will be practically abandoned here in Grenada county. Persons taking part in this plan may purchase such of these surplus foods as they need from any participating retail grocer in the same manner as cash customers. The merchant will obtain these foods through regular channels.

The Food Stamp Plan has three principal objectives, viz: 1. to aid American farmers by creating greater markets for domestic farm products; 2. a 50 percent increase (or more) in food purchasing power for families who are now receiving or are eligible to receive some form of public assistance; and, 3. use of normal trade channels to distribute the surplus agricultural commodities, and aid to all lines of business.

Food stamps are of two colors, orange and blue. Each stamp is worth twenty-five cents. The United States Government gives blue stamps with each purchase of orange stamps. Stamps may be exchanged for food articles at any participating retail food store.

Orange stamps may be used to buy any product taken home for human consumption. Food stamps cannot be used to buy liquor or tobacco, or for purchase of household articles such as soap, starch, fuel, matches, brooms, mops, and other non-food articles, nor for feed for livestock. Stamps cannot be used to pay for articles eaten at the store.

Blue stamps can be used only to buy farm products which the Secretary of Agriculture has designated as surplus. This list is changed as conditions change. The latest, or current, list of commodities which may be purchased with blue stamps will always be posted in the participating store.

When Grenada county is designated and certified, all persons in this county who are certified for public aid, or who are working for the WPA, will be eligible to participate in the plan.

The Food Stamp Plan has the following advantages: distribution through the regular channels of trade permit needy persons to secure a wide selection of foods they greatly need; and it enables farmers to market their commodities at prices high enough to permit a profit.

We thought all local barriers had been removed—and still hope so notwithstanding—until Mr. Red Briscoe, in his letter last week, and speaking of the difficulties the city council was having, stated "this Food Stamp Plan is also being held up until the annulment of the millage petition." That's news to us, for we understood that a majority of the board signed some sort of instrument pledging the city council to cooperate fifty-fifty with the county board of supervisors. We sincerely hope Mr. Briscoe was mistaken in this matter.

Piddling

Congress piddled about four months before passing the selective service act. From the beginning of the four-months debate to the end thereof, we venture to say not over half a dozen votes were changed either way. From the introduction of the bill until its passage four months in the future, its passage was inevitable. Yet four precious months were wasted, four precious months.

The lease-lend bill is as sure of passage as was the selective service act. Irrespective of its merits, it will be the law whenever the wind of the members of Congress becomes exhausted. All of the debate, past, present and future, will not change a single vote. Precious weeks are being wasted, precious weeks.

This nation has been maneuvered into the position that its fate is irrevocably tied up with that of Great Britain. Whether we should be in that position, or should not be in that position, is besides the question. We ARE tied up with Britain. We rise or fall with Britain.

That being so, it seems criminal for congressmen to waste precious time in idle, senseless and purposeless debate. Months, weeks, even days are precious.

Congress has already demonstrated how cumbersome it is in dealing with emergency matters. Parliamentary law permits endless debate and talk. But this talk and debate about a question that everybody knows will be ended but one way, the passage of the lend-lease bill, seems so foolish.

If we were not tied hand and foot with Britain, we might be wise in going slow and being careful; but that is not the case. Those knots have already been tied. The United States, though technically at peace with everyone, is really at war with Germany, Italy and Japan. Although we have no de jure war, we have a de facto war on our hands.

The cumbersome methods are all right for peacetime, but they are too slow for war time. Great authority to meet emergencies that may arise any moment must be delegated to some individual. The President is the logical individual to vest with this power. Then why all this waste of precious time in endless, useless debate.

The Power Question

The so-called power question that has bedeviled both the power company and the citizens of Grenada for a long time has, apparently, reached an impasse again. It has got to that state that irresistible force gets to when it is faced with immovable matter.

Before anything sensible can be done, as we have often said in these columns, Grenada must "take stock," that is it must obtain the services of a competent electrical engineer to estimate the cost of a generating station adequate for growing Grenada and to evaluate the existing distribution system owned by the power company.

The City Council according to Red Briscoe says, in substance, that it has no money to employ such an engineer, that it was faced with a petition from many citizens asking for economy and, in a sense, protesting any increase in expenses.

It seems to be generally conceded that Grenada is definitely out of the TVA territory at the present time.

With these facts in mind, we believe the whole matter might as well be "drapped" for nobody is getting anywhere with a solution, just by eternal mouthing.

NOTICE OF TRUSTEES SALE

Whereas on March 5, 1938, J. W. Poe (who is now dead and whose heirs are Mrs. M. C. Poe, his wife, and W. F. Poe and Mrs. Nina Keel, his children) and wife, Mrs. M. C. Poe, did execute to me as trustee their certain deed of trust embracing the property hereinafter described to secure Mrs. W. F. Martin, beneficiary, in certain indebtedness therein mentioned, which deed of trust is recorded in Book 74, page 231 of the Land Mortgage Records of Grenada County, Mississippi.

Whereas on April 20, 1939 said J. W. Poe and wife, Mrs. M. C. Poe, and W. F. Poe did execute to me as trustee their certain deed of trust embracing said property hereinafter described to secure said Mrs. W. F. Martin, beneficiary, in certain indebtedness therein mentioned, which deed of trust is recorded in Book 71, page 567 of the Land Mortgage Records of said County,

Whereas default has been made in the payment of said indebtedness and I have been requested by said beneficiary to foreclose said trust deeds on account thereof,

Now, therefore, notice is hereby given that under said trust deeds the undersigned trustee will on March 3, 1941 within legal hours at the Court house in said County and State offer for sale and sell to the highest bidder for cash the following property in said County and State conveyed to me as trustee aforesaid to-wit:

West half of southwest quarter of section 19, township 22, range 2 east and eleven acres in southwest quarter of southwest quarter of section 9, township 22, range 5 east described as beginning at southwest corner of said section 9, running thence east 7 and 90-100 chains to a stake, thence north 11 and 50-100 chains to Grenada and Providence Road, thence north 56 degrees west with said road to west boundary of said section 9, thence south 16 and 41-100 chains with said boundary to beginning less one acre in northeast corner sold to W. C. Hill, and also all other land owned by said grantors or any of them when said trust deeds were executed in said sections 9 and 19 aforesaid.

Also one 1936 Chevrolet one and 1/2 ton truck, number T6027873, subject to balance of purchase price thereon, and one saw mill complete together with all machinery and everything connected therewith, all in Grenada County, Mississippi.

I will convey as trustee only. Witness my signature this 4th day of February, 1941.

H. J. RAY, Trustee

2-6, 13, 20, 27-420w

ADMINISTRATOR'S NOTICE TO CREDITORS

Letters of Administration having been granted and issued to the undersigned as Administrator of the Estate of Mrs. Jeanie H. Wright, deceased, on February 4th, 1941, by the Chancery Court of Grenada County, Mississippi, notice is hereby given to all persons having claims against said estate to have same probated and registered with the Clerk of said Court within six months from this date, or they will be forever barred.

This 6th day of February, 1941.
W. D. WRIGHT,
Administrator

NOTICE OF HEARING UPON ORGANIZATION OF PROPOSED GRENADA COUNTY SOIL CONSERVATION DISTRICT EMBRACING LAND LYING IN GRENADA COUNTY.

WHEREAS, on the 13th day of January, 1941, there was duly filed with the Chairman of the State Soil Conservation Committee at the State

A grade and size for every need
Alabama TRUCK Coals

High grade Red Ash Coals,
Kentucky Coals and Coke by Rail

of Mississippi, a petition signed by at least 25 land owners pursuant to the provisions of the Soil Conservation Districts Law, House Bill 454, Laws of the 1938 Regular Session of the Mississippi Legislature, requesting the establishment of the Grenada County Soil Conservation District, and

WHEREAS, the lands sought to be included in the said district by said petition comprise lands in Grenada County,

NOW, THEREFORE, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity in the interest of the public health, safety and welfare, of the creation of such district; upon the question of the appropriate boundaries to be assigned to such district; upon the propriety of the petition, and of all other proceedings taken under the said Act; and upon all questions relevant to such inquiries. The said public hearing will be held by the State Soil

Conservation Committee on the 21st day of February, 1941, beginning at 2:00 o'clock p. m. at Grenada, in the County of Grenada.

All persons, firms and corporations who shall hold title to, or shall be in possession of, any lands lying within the limits of the above-described territory, whether as owners, lessees, renters, tenants, or otherwise, and all other interested parties are invited to attend and will be given opportunity to be heard at the time and place hereinafore specified.

STATE SOIL CONSERVATION COMMITTEE

By E. H. WHITE, Chairman,
Dated: 13th day of January, 1941.

We Admit The Truth

Like George Washington, we admit the truth. There are a few jook joints here and there that allow unwholesome activities to surround the retail sale of beer in Mississippi. But those dives must go! That is the decision of the beer industry. That is the objective of this Committee — to clean up or close up those scattered retail beer outlets where disorderly conditions exist. This program which has resulted in

15 Beer Permits Revoked

24 Establishments' Beer Supply Shut Off

326 Warnings Issued

86 Outlets Corrected Objectionable Conditions

2002 Investigations Made

has won the support of good citizens and the endorsement of law enforcement officials. It is welcomed by Mississippi beer retailers themselves — the vast majority of whom are honest, law-abiding citizens. You can help, too — by patronizing only those beer outlets that are conducted in accord with law and order.

T. RAVEL SAVINGS . . . BY BUS

I just figured out how I can save 35% more than I did last year. I'm going to make all my business trips by bus because these new air-conditioned buses give me ACTUAL LUXURY AT A SAVING!

I always enjoy having the children visit me now that I know they'll have a safe, comfortable trip by bus. And they can come more often, too, because traveling by bus is so economical.

Cut business-trip expenses in half . . . visit your friends and family more often . . . make those trips you've always wanted to make. GO BY BUS and you save 2/3 cost of driving your own car. Convenient schedules and air-conditioned comfort make each trip an enjoyable pleasure.

SEE OUR LOCAL AGENT

TRI-STATE COACHES

Seen, Heard and Told By The Editor

These girls at the hospital have mighty nearly persuaded the old lady to come back there—they miss each other so much.

Chuck Trotter passed through Grenada Saturday enroute to the FLB farm near Shaw.

We have ceased advocating them taking Red Brice out on a cruise, for they might weight him down with an anvil and drop him overboard.

Hurray for progress. The handsome new toilets at the court house have been connected with the city sewer lines.

George Terrell looks right nice in his new green hat.

George Chamberlain has his roads, or the parts we traveled over Saturday, in good shape.

One by one, we add new subscribers. The one being cataloged in this paragraph is Mrs. T. J. Martindale, of Elbert, who became a new one last week. Welcome, sister Martindale.

See where Farmer J. W. Jordan has about got his scales fixed up.

It looked as if Farmer Roy Bickerstaff had been adding some new planks to his barn, and running a good many furrows in his land on Bogue.

Miss Anna must have fallen out with Aunt for she has moved back to town.

Take the numbered capsules boys, just like Dr. Franklin prescribed them.

The best way for a young fellow—in good health, without dependents and within the age limit—to get in bad for the rest of his life is for him to interpose all manner of objections to being sent to the army. Why, if conditions continue to become more tense, a young man of those qualifications will be ashamed if he has any pride to be seen walking about the streets while other young men (no worse or better than he is) are in the army.

Our subscriber, Miss Louise Sander-son, has left Ole Miss and is now studying at L. S. U.

Bob Brown certainly is doing a lot to his house.

FOR SALE: set of teeth, hardly used, see Sam Mims.

If you want a hopeless job, try to find out who the new Mardi Gras king will be. Then say, if you dare.

Ain't they sweet.

Much oblige to Mr. Ford, Mr. Nash and Mr. Chevrolet for some good ads this year.

Speaking of ads, did you know that only two of the many mail order houses spend as much for catalogues in this county as all the local merchants spend for strictly local advertising—grocery merchants not included in the total. Grocery merchants, however, suffer little competition from the mail order houses. If local community newspapers, like this one, had to depend exclusively upon local advertising, it (and most of the others) would either fold up and vanish, or would have to produce something that would be a discredit to the community.

A good newspaper (you can include or exclude us, as you wish from that category) is the cheapest asset that ANY community can have. It costs the local people LESS and does MORE for it than any other institution.

Circulars are all right in their way, but they are, at best, unexpected and uninvited guests in the home. Many times they are positive nuisances.

On the other hand the newspaper arrives at stated times, it is paid for and therefore expected and invited. If it is a good newspaper it is passed from hand to hand in the home, then to other homes in the neighborhood.

Alderman Burt must have been paid off by the City, for he, in turn, paid us his subscription. Clarence is what I call a good alderman. He is conservative. He does not jump at conclusions, and seems to give thought to what he says and does.

The sympathy of the community goes to Mr. and Mrs. D. D. Smith whose home, with all contents, was destroyed by fire one day last week.

Fires, both in town, and in the countryside, have been unusually numerous during the past few weeks. Near Hardy, the Curtis King barn with all contents was destroyed. The "Ark" on the Peavine was badly damaged, and seldom a day passes without fire alarms.

What they thought was a parachutist out near the Starke Tower was a buzzard looking for carrion.

Nick's Loreco Station at the intersection of Highways 7 and 51 is one of the handsome new additions to Grenada's growing skyline. Thus Grenada Grows.

Talking about busy places, you should go out to the weekly auction sales at the Fair Grounds on Thursdays.

FLASH: The court house toilets are connected up with the city sewer lines.

Sister Dovie Butler, of Chicago, sent in a renewal recently. I want to get your record straight, sister Butler. Did you move to Chicago in July or when? I know you subscribed just before you left Grenada. Please write, so we can get your expiration date right on our mailing list.

Wonder how Ed Whitehead is getting along with that good fat HOLC job.

Paul Johnson has been giving the saloonkeepers hell. Some of the local ones, we hear, are gunshy.

Chalk up Lem Boone for another year.

Sam and Sally Mitchell, who now live in the swamp at Carlsdale, spent the week-end with friends in Grenada, eating off the Basses. Sam and Sally are doing well in the delta and their many friends here rejoice with them.

Tommy Hodge has been sick with the flu. It looks like he could do something more original than that.

Prich Horton, Sr., went to Sunday School Sunday.

Out at Red Hill Saturday, we saw a good many of the Fowler generation, Brother Tom Clark and a bunch of other friends and acquaintances, though, of course, we missed our departed friends, William Blakeley and Dr. Hemphill.

dear peat in green, it look now like my red leis cow has got outta ammunishun.

All honor to John Pressgrove, who was the first one to try out the newly connected-up toilets at the court house. The licker drinkers can now use the old ones exclusively for drinking licks; the there should be some one delegated to carry out the empties every week.

Wonder how Red Taylor is getting along?

There are now just two old Confederates left in the county—Mr. W. M. Dillard of Grenada and Mr. "Doll" Clark of Mt. Nebo.

Jack Martin left for Camp Shelby Wednesday to undergo physical examination preliminary to being sent to Baton Rouge on March 2, probably in the Air Corps. He is a Reserve 2nd Lieutenant.

Wonder who, by the way, or at published, but we do not know when it is being written Sunday.

Speaking of aldermen, no alderman just or present ever got as much kick out of the job as Alderman C. A. Perry.

To the probation list, we have added the name of E. B. Martin, a substantial and progressive young farmer of Beat Two.

Here this penny hope, I seen a peace n won uv my toms papers where yore bossman had rendered a dee sushun about sum athy leticks.

McKell got some sweet revenge Friday night.

Pvt. Albert E. Shepherd of the home company will receive the G. C. W. in the future.

Cut this out and paste it in your hat. Mail addressed to any boy in the home company should be (Rank) (First name in full) (Middle Initial) (Last Name), Hq. Bat., 1st Bn., 114th P. A., APO 31, Camp Blanding, Fla.

Wonder what is the matter, if anything, with Catfish Bingham?

The Mardi Gras Ball tomorrow (Friday) night at the gymnasium is the top spot in the year's social events in Grenada.

We have added one of Coffeyville's handsome young matrons, Mrs. Bill Kennedy, to our mailing list. Hope the Courier staff does not become jealous.

Wonder where Adam Stanley is?

Speaking of the Courier, Mr. Den-ley of the staff of that splendid community newspaper honored the GCW with a call last Friday. He reports that his father as still being able to come down every day and supervise everything.

We never heard until recently of a prospective father being the honoree at a shower.

Mrs. W. J. Waldrup, handsome and efficient proprietor of The Belmont, recently paid in enough for us to buy 30 cups of coffee.

Look at Tupelo. Look at McComb. There you see the results of unreasonable demands of labor agitators.

In Grenada, if possible, we are going to keep Tupelo and McComb in mind, and let well enough alone. Where else could a green boy make \$10.00 per week, and a trained one make up to thirty a week?

Our crossword pupil, having mastered that art, has taken up knitting.

Estes Maxwell, keen-eyed huntsman, trapper and farmer of Beat Five, said he was tired of seeing "1-41" on his paper, so he will soon see "1-42" on it.

This is to remind Dink Thomason that he promised the old lady a bird. However, Dink said that while he was at the reception, and can be excused for anything he said or did.

Suggestion to WGRM: please play "We Have Our Toilets Now" and dedicate it to the court house officials.

Did I report that Duck Goza had got back into temporary good standing?

The Draft Board is grinding them out so fast it is hard to keep up.

Being a member of the draft board is going to become about the hottest spot in the Nation before this war is over. Yet somebody must perform the duties. So far as we know, our board has done a conscientious job. But everybody is watching them, and ever ready to offer criticism. It is worse than being supervisor or alderman.

The labor organizers, we predict, will be back with other plans, other promises, other glittering prospects. But, remember the two flourishing textile industries in Tupelo. Where are they now?

Nobody was killed on 51 South Saturday, but two wagons were busted to hell.

Mr. F. C. Wagner certainly has some beautiful cattle on his Glenwild property.

It looks like all of the Dubard connection attended church Sunday.

Until the old lady can tell you, or write you, she wants me to thank everyone again for the nice things done for her while in the hospital and since her return home.

These pretty mornings, I can hardly resist going out, catching up a mule and going to plowing—but manage to resist.

Wonder what our subscriber, Hugh White, is doing and thinking about? Won't it be a mess if he, Tom Balfey, Mike Conner and Dennis get mixed up? That's what's likely to happen, however.

Forgot to mention last week about seeing our good friend, J. K. Morrison, who was passing through Grenada.

Bring your printing orders to the same place you bring your desires for free publicity.

Mr. William Brunson, a sort of patriarch of Cascilla, recently left his tracks on our cash book.

Thousands of people will read a classified ad, costing as little as two bits, placed in this newspaper.

I'll bet no man in the state furnishes better ad "copy" than does George Hey Fox.

Everything looked natural over on Main Street one day last week when I walked along that street.

With The County Agent

Farmers that belong to the Cooperative Gins in beats two and four were very happy last week while Manager Hubert Clark of the Graysport Cooperative Gin and Manager E. L. Boteler of the Beat Four Cooperative Gin were giving their farmers patronage dividend checks.

Our County Farm Bureau continues to get more members. Farmers Groce Carver and Roger Parker have received more members than any other committee. Each have secured more than 30 members.

Farmer E. E. Pyron has decided to spray his fruit trees to prevent the scale insects from killing them.

The Boyle Brothers like to count their chicken and egg money and are repairing their brooder houses to take care of 600 baby chicks this week.

Mr. Mullen from the Delta has bought a farm from A. G. Williams at Parson Station. He has learned that this farm is infested with the Blackleg and is vaccinating his young cattle to prevent this disease.

BE SURE OF YOUR GARDEN SEED QUALITY

It is well to practice economy, but many times we believe a thing to be economical when in the long run it is extravagance. This is certainly true of garden seed. We often come to grief in an effort to save money on the purchase of seed. Seed that are low in price are often low in quality; still it does not follow that since the price is high the quality is good. How often have I been told by someone, "I have practically failed in my gardening this year through buying cheap seed. I thought to save money but ended by getting almost no stand and what I have is of poor quality."

Be sure that your seed come from reputable producers and select known and proven varieties for your plantings. Shall we use new varieties? Certainly. Use new varieties that appear to be an improvement over the old, but never make your entire plantings from them until you have tried them sufficiently to know that they are an improvement.

Let me add just here that unusual diligence should be exercised in the purchase of Irish Potato seed. There are many potato diseases that affect the growing plant and cannot be recognized in the tuber. Thus, a diseased tuber may look as well as a healthy one, but certainly will not produce as well. Last year through planting diseased seed, many people lost heavily on potatoes, not only in the yield but in

the quality of potatoes harvested. Messrs. Anderson, Wedgeworth and Wallace in Circular No. 80 from the Mississippi Experiment Station, state that uncertified seed are usually from 80 to 90 percent diseased, while certified seed are relatively free from disease. Conclusion: Purchase only certified seed grown in some state that has made a specialty of this. Nebraska, Colorado and some other western states have a reputation for good seed production.

AN ELECTRIFIED NATION

CAN MEET NATIONAL DEFENSE SCHEDULES

Because the Private Electric Industry is ALREADY FULLY PREPARED

Over 300,000 miles of interconnected electric power lines—reaching every section of the country—from a nation-wide power network—READY NOW to turn the wheels of defense industry. Ninety per cent of this network is privately owned and operated. This "ELECTRIFIED" state of the nation is due to the principle of common ownership through holding companies—a common ownership that has made possible the in-

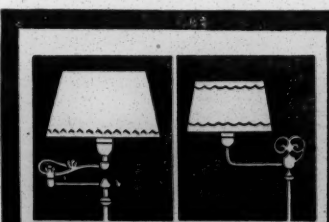

terconnection of once isolated individual electric plants into efficient, coordinated power systems—READY NOW to meet National Defense needs. Uncle Sam can, therefore, spend all your defense dollars for guns, tanks, ships, planes, and other vital war materials. NOT ONE DOLLAR need be spent for power plants and lines—because the private electric industry, including Mississippi Power & Light Company, is ALREADY FULLY PREPARED.

MISSISSIPPI POWER & LIGHT COMPANY
A CIVIC-MINDED, EMPLOYING INDUSTRY WHOSE TAXES ARE MORE THAN A MILLION DOLLARS A YEAR

AS YOU READ your newspaper, remember that the light from your IES floor lamp—for an entire evening's reading—costs less than the publication you so casually enjoy. Good light is cheap—use it freely for better sight. There are many ways to improve the lighting in your home, inexpensively. Select your modern IES lamps, adapter units, and modern light conditioning fixtures with-

SOPHOMORES PRESENT PATRIOTIC PROGRAM

The Sophomore Class had complete charge of the chapel program of Feb. 12. Benny Moore, class president, read a passage of scripture. The theme of the program was "Apostles of Democracy." The students who gave short sketches of the work of great democracy builders were Willie Peg, who spoke on George Washington; Lucy Moss, Thomas Jefferson; Marguerite Stanley, "What America Means to Me"; Jay Gore, Andrew Jackson; Margaret Cannon, Abraham Lincoln; Maxine Tilghman, Woodrow Wilson; and Rogers Pleasants, Franklin D. Roosevelt. The Sophomore Class closed the program by repeating the American Creed.

This was one of the most effective assembly programs of the year. The Sophomores and their sponsor, Miss Pierce, deserves our thanks for this interesting program.

GIRL RESERVES MAKE MARIONETTES

A marionette show with marionette stage, and stage properties made entirely by the Club is the latest plan of the Girl Reserves. Each Triangle has been assigned a share of the work. The results of the first meeting promise lots of fun as well as a worthy project for the Girl Reserves.

PICTURES MADE THURSDAY

That the yearbook is well on its way was proved last Thursday when all the Senior boys and many lower classmen blossomed out in coats and ties and all the girls patted surreptitiously at noses and hair to appear before the all-seeing eye of the camera-man. Freshman to Seniors, Faculty included, sat and cracked their loveliest grins for the photographs which will appear in the 1941 yearbook.

BASKETBALL NEWS

Tuesday night the Grenada Basketball team journeyed to Duck Hill for the final engagement with Duck Hill teams for this season. The G. H. S. girls lost to D. H. P. S. with a score of 21 to 30. Although Grenada boys have won over Duck Hill boys two times this season, Duck Hill boys won with a score of 17 to 30.

SCHOOL ORGANIZATIONS HAVE MOVING PICTURES MADE

Grenada High School is in the movies! Local talents show great promise of becoming famous movie stars! During the last few days, the whole High School has been in a turmoil over its sudden rise to fame and glory, for a photographer has been hard at work taking moving pictures of school life. The student body was photographed coming down the front steps. Later the Girl Reserves and the Band were pictured. The pictures will be shown Thursday and Friday, February 20-21 at the Grenada Theatre—So come one; come all, and view the Grenada student body on the screen.

Congratulations to William Winter on being accorded the honor of joining the Phi Eta Sigma, honorary scholastic fraternity. "Will" has always been a scholar, and it is not surprising that he made this organization.

Having heard nothing from "Sho" Hill lately, we are just wondering whether he is still getting around up there in North Carolina.

Pay your Class dues.

If you want a yearbook saved for you, see Miss Turner or one of the editors of the Bulldog at once.

DEBATING TEAM

(By Billy Semmes)

The Grenada Debating Team today won enough points at the District Meet in Oxford to entitle them to go to Jackson and compete for State Championship honors.

The Grenada Team is composed of John Keeton and Ann Odum, the affirmative; Thomas Bell and Billy Townsend, the negative.

The debate was divided into two divisions or triangles, with the understanding that the winner of each division went to Jackson for the State meet. The teams drew to see who would debate who. Grenada's affirmative drew Amory's negative and Grenada's negative drew Rosedale's affirmative. The results of this debate were a two to one win for Grenada's affirmative and one to two loss by Grenada's negative. This gave Grenada a total of three points for the morning debates. Meanwhile Okolona had made four points for the morning, thus assuring them of going to Jackson. Cleveland was eliminated and the other four teams thrown into a tie.

In the afternoon Grenada debated Amory. This debate ended with a two to one win for the Grenada affirmative and a three to nothing win for the Grenada negative. This gave Grenada a total of five points for the after-

noon debate and made them winners of the second set of debates, thus entitling them to journey to Jackson Friday.

WASTE BASKET

L. D. Boone and Mickey Angevine enjoyed Sunday night by taking Dot Parks and Martha Johnson for a jaunt in the boys' quiet paddle jumper.

Poor Charlie Reinhardt states that Chemistry makes him sore. He got H2O mixed up with H2SO4.

Verna Legett is the latest object of a certain Senator's affection.

Polly Richardson is happily looking forward to Sunday night. He's from Greenwood, so we hear.

Where's Lil's Christmas ring?

"Poor" Keeton.

So Martha Johnson is the reason for Bulber York's repeated visits home.

The last heard of Rogers Pleasants was Betty Edwards on Monday night.

Wonder why Ruth Townes walks out towards the hospital every Sunday? (Of course, Giles Patty's living out that way wouldn't be involved).

We've just about all decided that we're destined to be Vivian Leigh's or Clark Gables.

Jack Ward and Lucy Moss are a new romantic angle.

Dale Harper: "Last night Isabel and E. R. left the show."
Frank Marascaleo: "Why?"
Dale: "The show was over."

Fred Hodges added another one to the competition when he squired Mary Lou Cullen to the party Monday night.

Benton Keeton and Bobby Weir have advanced far enough in their numbers to count up to fifty.

BOY GREET'S GIRL

Hi, CRH22011! What are you for turing? Me? Nothing except I feel like the walking dead, from this cracking with a super son child until the wee sma's by a juke box that really gave. But let's rise above it and blow! I'm so gone for sustenance that I'll cram anything that doesn't bite me first.

And so it goes—
Wonder if old Shakespeare would recognize the English tongue?
As the same language spoken by the Modern young?
So long.

KATY

Seen, Heard and Told By The Editor

The beautiful new Baptist Church has been completed, and this pure white Neon sign placed over the entrance—"First Baptist Church" adds

much beauty and charm to the magnificent building. This credit is due solely to Mrs. A. S. Bell for her untiring effort, and we congratulate her upon her splendid success.

Juke's Place lined out Mr. Green, who is full of chicken and dumplings Sunday that he took a nap on a hard bench.

Even money on Great Britain.

There is a rumor that the new school building will be named after the late Mr. John A. Bell.

The new school building will be named after the late Mr. John A. Bell.

Cherry Cream Pie

Broadcast by Mary Lee Taylor February 20, 1941

2 tablespoons butter 1 cup Fat Milk
1 1/4 cups sugar diluted with
1/4 cup cornstarch 1 cup water
1/2 teaspoon salt 2 eggs, separated
2 1/4 teaspoons vanilla
No. 2 can pitted cherries*

Melt butter. Blend in mixture of 1 cup sugar, the cornstarch and salt. Stir in diluted milk. Cook over boiling water 20 minutes, stirring frequently. Remove from heat and stir into slightly beaten egg yolks. Return to heat and cook 2 minutes longer. Stir in vanilla. Cool thoroughly. Drain cherries well, then put in bottom of baked pastry shell. Cover with cooled custard. Beat egg whites until stiff but not dry. Gradually beat in remaining 1/4 cup sugar. Spread on top of pie. Bake in very slow oven (300° F.) 15 minutes, or until brown.

*Cherries may be cooked or canned and either the sweet or sour variety.

Good Reasons For Good Service

The traditional courtesy of telephone men and women and the efficiency of the service often prompt telephone users to ask if there is not some secret formula for this consistent performance.

In reality there is no secret. It is just the practical operation of group cooperation, individual interest and pride in the job, and company spirit.

Telephone employees are selected with care. They are constantly trained, kept fully informed about the company's affairs, and are continually encouraged to acquire the skill and experience necessary to maintain and improve the speed, accuracy and dependability of the service.

The consciousness that theirs is an essential public service gives them a sense of personal responsibility. Good working conditions and recognition of individual merit are also sources of inspiration.

The company's plan for retirement and care of its workers during sickness or disability, and the provision for death benefits all safeguard their present and future and promote peace of mind. Further incentives to their cheerfulness and efficiency are stability of employment and good wages.

Telephone men and women also know that the appreciation and interest so often expressed by the public is shared by the management of their company.

AND TELEGRAPH COMPANY**
INCORPORATED

DUCK HILL FLASHES by Mrs. M. S. Walker

Mr. and Mrs. Frank Godwin, of Memphis, and the Edwin McKibben family, of Lexington, visited their parents, Rev. and Mrs. H. N. McKibben Sunday.

Miss Sara Hill, of Eupora, spent the weekend with her aunt, Miss Bessie Curry and father, Mr. E. S. Hill and the C. A. Wilkins family.

Mr. and Mrs. L. L. Jacob and daughter, Miss Irma Jacob, visited relatives in Memphis during the week-end.

Mr. and Mrs. W. C. Tyler accompanied by Mr. C. A. Wilkins spent Friday in Jackson.

Dr. and Mrs. G. Y. Gillespie, Jr., of Greenwood, visited their father, Dr. G. Y. Gillespie, Sr., Sunday, who is on the sick list.

Mr. A. L. Starks was at home from Muscle Shoals for the week-end.

We had a delightful visit in Winona Friday, seeing old friends, especially did we enjoy a visit with our friend, Mrs. Mary Weir Shoffner, that we have known since she was a little girl. She is the able correspondent for the Jackson Daily News, The Commercial Appeal and she does all that Society stuff for the Winona Times—as well as other writing. When there is occasion to put thunder in her writing she knows just how to do that. These papers are fortunate to have her representing them.

Rev. H. N. McKibben visited a sick nephew at Calhoun City during the week. His condition is very serious.

The many friends of little Charlie Ray are so sorry of his serious condition, rheumatic fever, and has been put to bed for the duration of two months. He is the little son of Mr.

and Mrs. Eugene Raper.

Just had to stop writing when two charming little girls, Charline and Frances Norwood came in with a wonderful late afternoon lunch of pizzilli, dessert, luncheon and punch, pie and how did we enjoy this repast.

We have always been attracted by people of good personality and when we got on the bus in Winona Friday evening we noticed a lady sitting just behind the driver's seat that we wanted to know, so we asked to sit by her (there were plenty of vacant seats) we soon learned she was Mrs. John Horton of Westaco, Texas, coming from the town where one of our Duck Hill natives live, Mrs. Nell Taylor Davenport and her interesting family. Mrs. Horton was on her way to visit the best people in the world (to her father and mother who live at Charleston). And by the way Mrs. Horton says she and Mrs. Davenport both enjoy the Grenada County Weekly and can hardly wait for its coming to read the Duck Hill Flashes and the other things of interest that paper is so filled with.

Mr. Jim Latham, one of the best men our county has ever had, has been sick for quite a while and his faithful wife had not been away from home in a long time—but with his insisting she was over and spent the day Tuesday with her daughter, Mrs. L. Branscome. People like these are "the salt of the earth."

We did not get the oil or we have not yet, but if we can get an aviation kind of something located near we will all be happy once again.

House for sale. Want to buy it?

Miss Pessie Curry was in Winona Monday looking after business and seeing friends.

Our popular Mayor, Hon. T. P. Caffey spent Tuesday in Jackson.

Mr. F. A. Gillespie, of Aberdeen, spent Monday night with his father, Dr. G. Y. Gillespie.

Miss Julia Pearl Birdsong spent the week-end with her parents at Greenville.

The band put on a concert at the High School auditorium Monday evening that was enjoyed by all that attended.

That's all we know for this time.

ATTENTION, KNITTERS!!

Miss Jane Young, chairman of production of Red Cross knitted articles in this county, asks all who will volunteer to knit socks or sweaters to contact her, as she will soon be in position to supply the yarn.

HUGHES-BETZ WEDDING ANNOUNCEMENT

Mr. and Mrs. Ernest Linwood Betz, of Grenada, announce the marriage of their daughter, Rowena, to Mr. Coe Rel Hughes, son of Mrs. Hughes and the late Mr. Hughes, of Oxford and Memphis, Tenn., on Saturday, February 15, 1941. They will reside at Park View Hotel, Memphis.

The above wedding announcement will be read with interest by the many friends of the bride and groom throughout Mississippi. The wedding occurred at high noon at the Baptist Prescott Memorial Church, Memphis. Only members of the immediate families were present. Beautiful picardy gladiolas were arranged effectively in floor basket, forming a background of beauty for the bridal party.

The lovely bride who spent part of her girlhood in Grenada after graduating from one of the Memphis High Schools, she later graduated from Grenada College; was attired in a chic Spring ensemble of black and white. She wore white orchids and lilies of the valley arranged in shoulder corsage. Her sister, Miss Maydel Betz, attended her as maid of honor. She chose a lovely Spring model in beige, and wore a "Bird of Paradise" corsage.

The groom is a graduate of Oxford schools, University of Miss., and Delhi University, Oklahoma. His father has served as president of Delhi University. Attending Mr. Hughes as best man, was Mr. Fletcher Klinker, brother-in-law of the bride.

Immediately after the ceremony the happy couple left by plane for New Orleans and a short stay on the Mississippi Coast. Mrs. Hughes, a member of a family long prominent in Grenada, is a granddaughter of Mr. J. G. Weeks, one of the oldest citizens living in Grenada.

TWENTIETH CENTURY CLUB

The stately Colonial home of Mrs. H. L. Honeycutt was the scene of an outstanding social event Tuesday afternoon when members of the Twentieth Century Club, and a group of special guests gathered at 3:30 for an afternoon devoted to an interesting program and social hour. Mrs. W. W. Whitaker was co-hostess on this occasion. The home, which lends itself charmingly to decoration, was beautifully arranged and decorated. The reception hall featured lovely white gladiolas placed before a slender mirror. On an antique table lovely lilies were arranged. The guest room, where wraps were laid, was charmingly decorated with cluster bouquets of jonquils and ferns. The spacious living room, lighted by the crystal chandelier, featured beautiful white and red carnations. Tall red tapers were arranged near this display. Calla lilies were arranged atop the bookcase. From the livingroom one could view the lace-trimmed dining table centered by a white azalea flanked by tall white tapers.

Mrs. J. K. Avenet, president, presided. The usual business meeting with officers' reports given by Mrs. Revell, Secy, Mrs. E. A. Penn, Corresponding Secretary, and Mrs. Prose, Treasurer, was followed by two delightfully prepared talks, by first, Mrs. E. A. Penn, who spoke on the people and living conditions on the ever interesting near country to our South, Mexico. Much of her talk was given informally as she has visited in Mexico. Both speakers were generously applauded.

During the social hour the hostess served a beautiful salad plate contain-

ing pressed chicken salad, on lettuce, cherkins, wafers, French pastry and coffee.

Non-member guests were Mesdames C. H. Calhoun, Ernestine Martin, H. K. Kuhne, W. B. Nicols, L. J. Doak, J. B. Keeton and Mrs. Clyde Best, of Scooby. Mrs. F. T. Gerard, invited non-member, was unable to attend because of illness.

HONORED AT BEAUTIFUL TEA

The lovely young ladies, contestants for the role of "Queen of Mardi Gras, 1941" were feted Wednesday afternoon at four o'clock in the lovely country home of Mrs. H. T. Salter at Glenwild.

Assisting the hostess, Mrs. Salter, were several friends, Mrs. E. L. Wilkins, Mrs. L. J. Doak and Miss Robbie Doak.

The home was in gala array, the Mardi Gras motif being very effectively emphasized. The living room featured daffodils and jonquils and multi-colored candles burning at points of vantage. Huge log fires burned in several of the reception rooms. The dining room was most charmingly arranged and decorated with Spring blossoms, lighted candles and bunting, carrying out the Mardi Gras idea. The long dining table, with a foundation of white damask was strewn with confetti. Standing in the center was a lovely "Queen." Here the lovely young ladies were served orange ice, sandwiches and cookies.

One of the afternoon's high lights occurred as the guests arrived. Each one was escorted to a large and decorated chair and upon each pretty head a gold crown was placed. These, of course, proved to be charming souvenirs. Tea was served in the living room.

This lovely affair is the ninth annual tea given to queen contestants by members of All Saints Episcopal Aux.iliary, and it is needless to say that excitement continues to run high concerning "who will be queen this year."

MT. NEBO NEWS

Our venerable old friend Henry Cehmitz, who has been visiting his daughter, Mrs. Roy Hamilton, of Memphis, for the past month has returned.

Mrs. Lizzie Carter Rounsaville, of Tunica, is visiting her brother, Hardy Carter and family, Miss Wilma Carter, who is attending Goodman College, spent the week-end with her parents, Mr. and Mrs. Hardy Carter.

We are lucky to have so many good people move in. That prince of good fellows, Ethel Brannon and his interesting family have just moved into the house on No. 8.

Mr. Jesse Cohen, of near Blytheville, Ark., was killed in a car accident last Saturday and was buried at Spears cemetery today. He leaves a wife and children in Arkansas, and father, two brothers and two sisters of this community. We don't have full particulars yet.

Mrs. Henry Poyner, who has been supervising the Wolfe-Hardy school
